### Homework Assignment #4

1. Download and read the “Instructions for Authors” from the journal to which you are submitting your manuscript. For this assignment, pay particular attention to any rules governing number or formatting of figures.
2. State which software program you intend to use to generate your figures.
3. Submit the figures that you intend to include in your manuscript. Put one figure per page. Include a figure caption on the same page. If you are missing some data, format the plot and provide sample (artificial) data.
