Homework Assignment #5

1. Figures & Tables.

(a) Submit revised versions of yoru figures and tables, incorporating suggestions from Homework 4.
(b) Also resubmit the marked copy of Homework 4 so that I can determine whether the required changes were made as indicated.

2. References:

(a) State which software program you intend to use for referencing.
(b) Input all of the references that you may use into this referencing software. The preferred method for input is to export the information directly from Web of Science or some other database. Input of the reference information by hand is not encouraged, since it can result in typographical errors and duplication of entries in the referencing software database.

3. Equations:

(a) State which software program you intend to use for entering equations in your manuscript.
(b) Provide a list of all of the equations that you intend to include in the manuscript.
